Future financials

- Fee reduction just started (1st July 2010)
- Transfer of cash in excess of reserves

Strategic Goal 1

- ④ “Deliver continuous domain name availability to registrars, their customers and all Internet users”
- ④ Significant upgrades to DNS infrastructure
- ④ Completion of Albany cluster
- ④ New Christchurch cluster

Strategic Goal 2

- “Deliver world-class registry services that continually improve.”
- WHOIS separated from SRS front end and dedicated server implemented
- Added IDN support to SRS
- Significant progress towards EPP

Strategic Goal 3

- ④ “Make a tangible contribution to the achievement of InternetNZ’s vision, mission and strategic goals.”
- ④ Implementation of OpenPGP server
- ④ Relaunched web site for open source SRS
- ④ Contributed to software patents and numbering governance submissions

Strategic Goal 4

- ④ “Develop our services and technology within a long-term evolutionary framework to meet the future needs of Internet users.”
- ④ Promotion of ENUM
- ④ Support of DIA Identity Management work
